### ▲ BENEFITS

AES (EASA DOA Appr Nr **EASA.21J.036**) have developed a Cabin Class Divider for installation in the A319/A320/A320 passenger compartment. The Cabin Class Divider can be fully customised according to customer demands and there are no limitations on dimensions & colour. The weight of the class divider will be fully optimized on the customer requirements to achieve the lowest possible weight.

**WINDOW:** Polycarbonate sheet, Transparent and Scratch Resistant. Option for One-Way vision film, with customer branding or logo.

**LITERATURE POCKETS:** Leather

**KICK STRIP:** Stainless Steel (Brushed Finish)

**EDGE TRIM:** Aluminium (powder coated)

**WINDOW TRIM:** Aluminium (powder coated)

**DECORATIVE LAMINATE:** Isovolta Decorative Film. Can be fully customised with Airline Logo or Name.

**BUMP STRIPS:** Polycarbonate, colour grey or customised colour choice.

### ▲ TRIM AND FINISH
